

Maskan Builders — Website Content

Layout: same as maskan-ten.vercel.app — content rearranged per client meeting notes (Maskan Builders, July 2026)

1. Meta / Technical SEO Pack

Title tag: Maskan Builders | Best Construction Company in Kerala | 17+ Years Experience

Meta description (128 characters): Maskan Builders is the best construction company in Kerala, with 17+ years and 750+ residential & commercial projects completed.

2. Hero Section

Eyebrow tag: Best construction company in Kerala

Headline (unchanged, on-brand): Building Dreams, One Brick at a Time

CTA button: Contact Us

Stat strip:

- 17+ Years of Experience
- 750+ Projects Completed

(Currently live: "08+ Years" / "25+ Completed projects" — replace with figures: 17 years in business, 750+ residential + commercial works.)

3. Who We Are

Eyebrow: Who We Are

Heading: Kerala's Trusted Construction Partner for 17+ Years

Body copy: For over 17 years, Maskan Builders has been turning blueprints into homes and businesses across Kerala. What started as a small builder taking on individual homes has grown into a full-scale construction company handling everything from single-villa projects to large multi-unit developments — without losing the personal attention each client deserves.

We've completed 750+ residential and commercial projects to date, and we currently have 10 projects running across Kerala. Whether it's a boutique villa or a large residential community, we bring the same standard of engineering, material quality, and on-site discipline to every site we build.

Sub-line (before "MORE ABOUT US"): From foundation to final handover, every Maskan project reflects our commitment to design excellence, structural integrity, and genuine client partnership — small projects and large developments alike.

CTA: [MORE ABOUT US / OUR WORKS](#)

4. Construction Process (keep structure, tightened copy)

Eyeblink: // How we build **Heading:** A Clear Construction Process

01 — Site survey & estimate We inspect the land, soil conditions, access, and service lines before preparing a practical scope, schedule, and cost framework for your project.

02 — Plan, approvals & schedule Our team coordinates drawings, approvals, structural planning, and vendor selection so site work can begin with full financial clarity — no hidden costs, no surprises.

03 — Build, inspect & handover From foundation to finishing, we manage execution, quality checks, safety, and timelines, with clear updates at every stage through to final handover.

5. Featured Projects

Eyeblink: [Featured Projects](#)

Project 1 — Maskan Avoria, Kochi

- **Location:** Kochi, Kerala
- **Scope:** 112 units + new tower
- **Copy:** A landmark residential development in Kochi, 112 units plus a new tower, designed for modern urban living.

Project 2 — Meridian Heights

- **Location:** Perinthalmanna, Kerala
- **Type:** Residential villa project
- **Scope:** 42 villas
- **Copy:** An exclusive residential villa project in Perinthalmanna, 42 villas designed for modern elegance and premium living.

(Live site currently lists this as "Median Heights", typo for Meridian, recommend correcting the name and updating the villa count to 42.)

Project 3 — Kakanad Commercial Hub

- **Location:** Kakanad, Kochi, Kerala
- **Type:** Commercial building
- **Copy:** Redefining business landscapes with a cutting-edge commercial building in Kakanad, Kochi.

Project 4 — Manjeri White Field

- **Location:** Manjeri, Kerala
- **Type:** Residential
- **Copy:** A premium residential development in Manjeri, built to the same quality standards across every unit.

Project 5 — Plaza Commercial Complex

- **Location:** Muvatupuzha
- **Type:** Commercial building
- **Copy:** A prime commercial complex in Muvatupuzha, built for retail and business spaces with strong footfall and long-term rental value.

Project 6 — Commercial Building at Areacode

- **Location:** Areacode
- **Type:** Commercial building
- **Copy:** A functional, well-engineered commercial building in Areacode, designed to serve local business and retail needs.

CTAs: [Start Your Project / View All Projects](#)

6. Why Choose Maskan?

Heading: [Why Choose Maskan?](#)

Intro: For 17+ years, we've set the standard in construction across Kerala by combining honest execution with premium quality, handling both small individual homes and large multi-unit developments with the same care. We have the capacity to take on **100+ projects at a time**, wherever in Kerala you need us.

- **Uncompromising Quality** — We source premium materials and employ skilled craftsmen to ensure lasting value and durability, project after project.
 - **Client-Centric Collaboration** — Your vision is our blueprint. We guarantee full transparency from initial concept to final handover.
 - **On-Time & On-Budget** — Streamlined workflows and rigorous site management ensure we consistently meet deadlines, on projects big and small.

10. FAQ Section

Q1. What types of projects does your studio work on?

As the best construction company in Kerala, we specialize in residential and commercial construction, from individual custom villas to large multi-unit developments like our 42-villa Meridian Heights project in Perinthalmanna and 112-unit Avoria development in Kochi.

Q2. What is the first step to starting a project with your studio?

We begin with a site survey and estimate, inspecting the land, soil conditions, and access before preparing a practical scope, schedule, and cost framework for your project.

Q3. How long does a construction project typically take?

Timelines depend on project size, a single villa moves faster than a multi-unit development. During your first consultation, we give you a clear schedule based on your specific site and scope.

Q4. Can you help with renovations or existing buildings?

Yes. Alongside new builds, as the best construction company in Kerala, our team can assess and take on renovation and extension work for existing homes and commercial buildings.

Q5. Do you also assist during the construction phase?

Yes we manage the full build from foundation to finishing, including quality checks, safety, and timeline management, with regular updates through to a formal handover.

11. Footer "About" Block

Heading: Best Construction Company in Kerala

(change from the current "Best Architecture & Interior Design Firm in Kozhikode, Kerala")

Body: Maskan Builders is a premium construction company in Malappuram, Kerala, with 17+ years of experience delivering residential and commercial projects across the state. We handle projects of every scale, from individual custom villas to large multi-unit developments, with the same commitment to quality and timely delivery, and the capacity to take on 100+ projects at a time.

To date, we've completed 750+ projects for clients across Kerala, and we currently have 25+ projects in progress, including our 42-villa Meridian Heights development in Perinthalmanna and 112-unit Avoria project in Kochi.

Who We Are (main block)

Eyebrow: Who We Are

Heading: We Are One of the Best Builders in Kerala for Residential & Commercial Construction

Body copy: At Maskan Builders, the best builders in Kerala, we believe construction is more than just putting up walls, it's about delivering on a promise made to every family and every business that trusts us with their project.

For over 17 years, we've built that trust one site at a time. What began as a builder taking on individual homes has grown into a full-scale construction company with 750+ residential and commercial projects completed and 25+ currently in progress across Kerala, from boutique villa communities to large multi-unit developments and commercial complexes. We have the capacity to take on 100+ projects at a time, wherever in Kerala you need us.

From visionary residential projects to functional commercial spaces, we bring the same discipline to every job: quality materials, skilled site teams, and a client-first approach from the first site visit to final handover.

Our Core Values

Eyebrow: What Drives Us

Heading: Our Core Values

Sub-line: The principles that have guided every site we've built for 17+ years.

Integrity — We do what we say we'll do. Honest estimates, honest timelines, and honest communication, even when the news isn't what a client wants to hear.

Quality Without Compromise — Every project, big or small, gets the same standard of materials, engineering, and craftsmanship, whether it's a single villa or a 100+ unit development.

Client-First Execution — We treat every client's project like our own, staying accessible, transparent, and responsive from the first site visit to final handover.

Timely Delivery — We respect deadlines. Rigorous planning and site management mean projects move on schedule, not on excuses.

Scale With Care — With the capacity to handle 100+ projects at a time across Kerala, we've grown without losing the personal attention every client deserves.

A Clear Construction Process (unchanged from homepage — keep consistent)
